3. TROUBLESHOOTING

No .	Problem	Reason	How to solve
1	Image normal in the day while vague or being interfered by horizontal stripes at night.	Power is not enough or power cable is too long.	Change power supply or shorten power cable.
2	No image	Wrong connection to the video cable.	Reconnect
		Power gets problem.	Change power supply.
		Having not connected to power supply.	Plug in.
