MBE Series Camera Brackets and Mounts

- **Heavy-duty aluminum construction**
- **Semi-gloss polyester powder-coat finish**
- **Suitable for wall or pole applications**
- **Adapter plates feature versatile hole patterns for attaching a host different brackets**

The MBE series of bracket mounts and mounting adapters secure an EX27 All-Weather Camera or the REG-D1 or the REG-L1 License Plate Camera to a wall or to a pole along with an EXMB.020B Heavy Duty L Bracket for mounting illuminators.

Each bracket and adapter is made of rugged, aluminum and features a semi-gloss polyester powder coat finish.

MBE Series Mounting Brackets

Each MBE mounting bracket can be secured directly to a wall. For added strength and mounting flexibility, the mounting brackets can be used with the MBE-15 or MBE-17 adapter plates.

MBE Series Adapter Plates

The MBE adapter plates provide a versatile platform to mount the MBE mounting brackets along with an EXMB.020B Heavy Duty L Bracket. Thick aluminum plate construction is powder coated black.

Functions

MBE-27B / MBE-27W: a black or white mounting bracket for use with an EX27 Series All-Weather Camera.

MBE-28B: a black mounting bracket for use with the REG-D1 or the REG-L1 License Plate Camera.

MBE-15B / MBE-15W: a black or white adapter used to attach an MBE-27 or MBE-28, along with an EXMB.020B Heavy Duty L Bracket, to a pole. Two metal bands and two quick-release/engage gear clamps are provided for poles up to 203 mm (8 in) in diameter. Additional bands can be used for installations on larger poles.

This adapter can also accommodate the EXMB.028 Cable Managed Wall Bracket or the EXMB.023 Wall Bracket.

MBE-17B / MBE-17W: a black or white adapter used to attach an MBE-27 or an MBE-28, along with an EXMB.020B Heavy Duty L-Bracket, to a wall. This adapter can also accommodate the EXMB.028 Cable Managed Wall Bracket or the EXMB.023 Wall Bracket.
