

Contera™ High Performance NVR Server

80TB Max Storage Cloud Managed Recorder with 64 Max Channel Count

Contera™ high performance cloud managed NVR servers are designed to offer maximum performance and reliability, paired with the powerful features and functionality of the ConteraWS™ Web Services platform. These 2U servers offer higher channel counts (up to 64) and feature enterprise options like front removable drives, redundant power supplies, dual SSD OS drives, and RAID5.

High performance NVR servers come preloaded with ConteraVMS™ Server software and run the Windows 10 operating system. These high power servers are enterprise level HD IP recorders with the increased processing and throughput capabilities needed to handle larger channel count, storage,

and remote usage requirements.

Enhance the functionality of your server even further by pairing it with ConteraWS Web Services which allows you to centralize user management, monitor the health of your recording system, and take advantage of time saving feature like online export and video or clip file sharing. There is no need to write, remember, or type IP addresses and other network information for remote connections. Simply enable ConteraWS on your recorder, and then connect using the ConteraWS Web Client to manage recorder configurations and user access.

Centralized User Management

ConteraWS provides secure storage of all user profile information, allowing role-based management for hundreds of users and device permissions.

Health Monitoring

Cloud-based health monitoring ensures your cameras and recorders are working properly and minimum recording retention levels are being met.

Alerts and Reports

ConteraWS grants insight into operational events at recorder locations and provides valuable business intelligence based on customer or employee activity.

Single Sign-on

Log into ConteraWS Web Services, ConteraVMS, and Arecont Vision Mobile using the same email address and password.

Clip Sharing

Export video clips to the cloud so they cannot be overwritten or lost. Share video clips via email with password protection.

Series Features

- Cloud Management with ConteraWS™
- ConteraVMS™ Ready
- Cloud Video Export and Sharing
- 12, 16, 20, 24, 28, 30, 36, 48, 64, or 80TB Storage Capacity
- 8 Removable Hard Disk Drives (HDDs)
- Windows OS
- 64 Max Channel Count
- IP Channel Upgrades
- Solid State OS Drive (SSD)
- DVD-ROM Drive
- RAID5
- Intel® Core™ i7 Processor
- Dual NIC
- 2U Rack Mountable
- 3-Year Hardware Warranty
- 1-Year Advanced Replacement

Recorder Specifications

Model		AV-CSHPxxT (JBOD)	AV-CSHPxxTR (RAID)
Recording	Max IP Channels	64	
	Recording Resolutions	Up to 4K Ultra HD	
	Max Recording Rate	250 Mbps	500 Mbps
	Image Compression	H.264	
Connections	Video Outputs	1 x DVI-D / 1 x DVI-I / 2 x HDMI (maximum one monitor support)	
	Maximum Display Resolution	4K	
	Network 1	Dedicated Intel® GBE for client network	
	Network 2	Dedicated Intel® GBE for camera network	
	Alarm Sensor Inputs	4 x Form A contacts (optional add-on)	
	Digital Relay Outputs	4 x Form A contacts (optional add-on)	
	USB Ports	Front: 2 x USB 2.0 Rear: 2 x USB 2.0 / 4 x USB 3.0	
Software	Operating System	Microsoft® Windows	
	Video Signal Loss Detection	Yes	
	Motion Detection	Arecont Vision camera side or ONVIF Profile S server side	
	Remote Operation	ConteraVMS thick client / thin (web) client / mobile apps	
	User Management	Web or local based user permissions and account management	
	Recording Mode	Continuous / Motion / Continuous + Motion / Live Only	
	Playback Search	Multi-channel playback (1, 4, 9) / Calendar / Timeline / Thumbnail / Event (VMS and web client) / Object (VMS)	
	Clip Backup	DVD-RW / Cloud / USB	
	Digital Signature Support	Yes	
	Web Connect	Yes	

General

Keyboard and Mouse	Included
DVD Drive	Yes
Operating Temperature	Max temperature: 104°F (40°C)
OS Drive Configuration	Dedicated Solid State Drive
Maximum Storage Configuration	JBOD 80TB
	RAID 80TB (70TB Usable) ¹
Processor	Intel® i7
Rack Mount	Installation kit and rack slide kit included
Warranty	3 Years, 1 year advanced replacement

Compliance

IP Camera Support	Arecont Vision / ONVIF Profile S / RTSP
Certification	ETL (Intertek) certified
CoO	Made in the USA

Mechanical

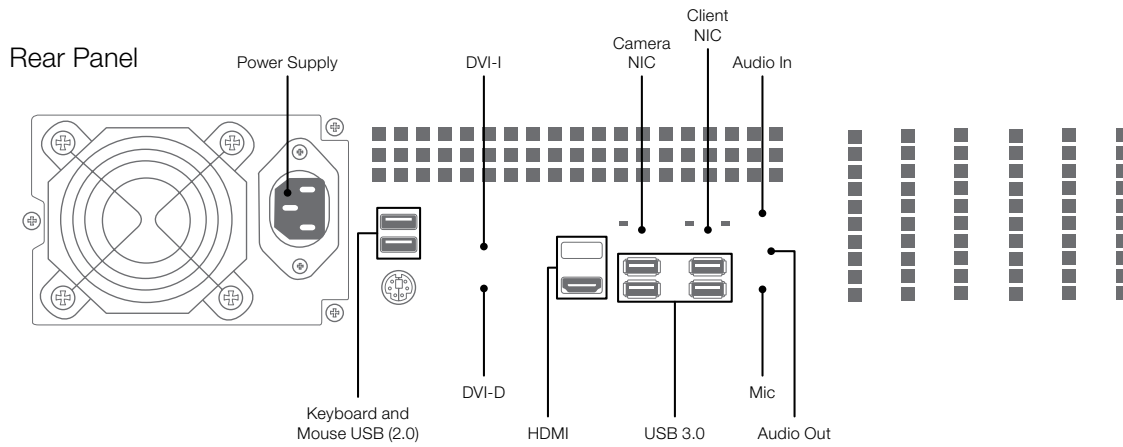

Dimensions <i>(See Dimensions)</i>	Unit	17.2" W (438mm) x 3.5" H (88mm) x 26" L (660mm)
	Packaged	24" W (610mm) x 8" H (203mm) x 34" L (864mm)
Weight	Unit	43lbs (19.5kg)
	Packaged	58lbs (26.3kg)

Electrical

Input Voltage	650W (100V–240V auto switching)	
Power Consumption	JBOD	160W max
	RAID	175W max

¹ Usable space after allocating space for RAID5 redundant backup
