Wireless Elevator Video Solutions since 2008
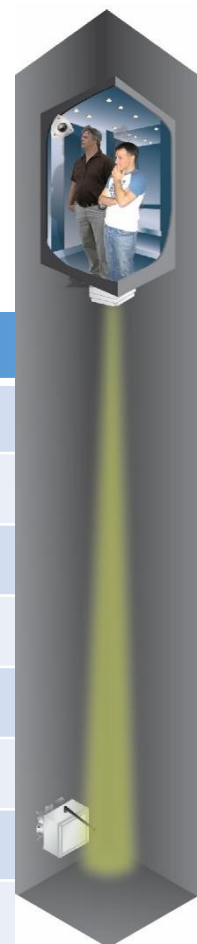

ELEVATOR VIDEO SYSTEMS

VNO-5815PT - Wireless Elevator Video Link

Wireless Elevator System
- **Security Professional #1 Recommended**
- **Economical Wireless Solution vs. Cabling / Hardwired**
- **Designed for Reliable Streaming High Speed Data**
- **Fast Installation for Minimal Tenant Interruption**
- **Compatible with any Network IP device**
- **3-Year Warranty**

Model # VNO-5815PT	SPECIFICATIONS
Operating Frequency	5.185GHz – 5.825GHz (Programmable)
Protocol	802.11a/n OFDM
Security	AES 128 Bit Encrypted Data System + Hidden SSID
Programming	Embedded Software / Pairing Switch Selection
Operating Range	**200 Floors**
Antenna Type	Tx = Embedded Directional Rx = External Omindirectional
Operating Voltage	48VDC PoE - Injectors NOT included
Construction	IP-67 Rated UL Listed All-Weather Polycarbonate Design
	IK08 Impact protection / Flammability Rated 94-V-0, 5VA, HB
Dimensions	180mm x 180mm x 100mm (7.0" x 7.0" x 4.0") each enclosure
Weight	880g (1.94lbs) each enclosure - approx
Operating Temp	-40ºC to 77ºC (-40F to +170F)
Approvals	FCC / Industry Canada / UL Listed Enclosures
Kit Includes	Transmitter + embedded antenna / Receiver + Omni directional Antenna
	Universal Stainless Mounting Brackets
Warranty	Three Years
