## **PRECAUTIONS FOR INSTALLATION AND OPERATION**

---

- Select an installation site that can hold at least 5 times the product's weight.
- Do not install the product in a location where chemicals or oil vapor may be present.
- Use appropriate tools during installation: excessive force or strong impact may damage the product.
- Use only the accessories or camera that are compatible with this product and comply with its technical specifications.
- Hanwha Vision do not guarantee the quality of third-party products purchased separately.
- When cleaning the product surface, use only a clean, soft cloth moistened lightly with isopropyl alcohol (IPA) or water.
- Do not install or remove the product while it rains or there is moisture remaining on the product exterior.
- This product must be installed by a qualified person in the electrical field.  
During installation, be sure to follow local regulations of your country or region.

# COMPONENT

As for each sales country, accessories are not the same.
