

NDA-8000-PIPWIR Pendant interface plate, outdoor IR

The NDA-8000-PIPWIR is a weather shield accessory that protects a pipe or pendant mounted camera against harsh weather conditions such as rain, snow and direct sunlight, reducing the risk of damage and minimizing the camera's maintenance.

The weather shield has a black underside design that stops any glare and reflections, enabling superior imaging, particularly in challenging light conditions where infrared illumination is used. The white coating on the outer surface shields the underlying plastic from harmful UV rays reducing yellowing and degradation over time, extending its lifespan.

The NDA-8000-PIPWIR is compatible with the following cameras:

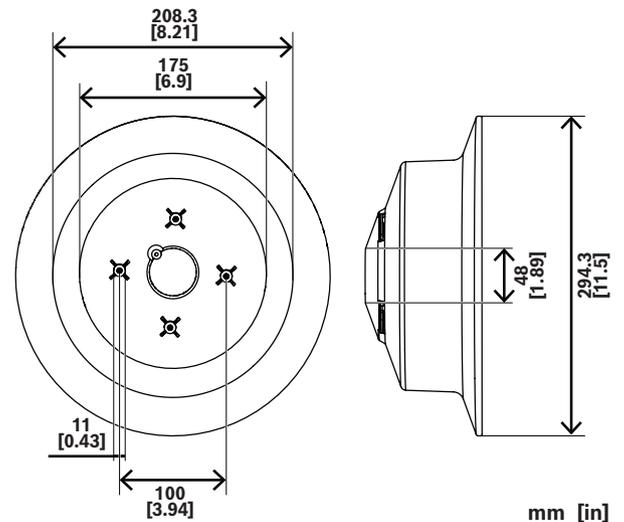

- FLEXIDOME IP starlight 8000i
- FLEXIDOME 8100i
- FLEXIDOME 8100i IR
- FLEXIDOME 8100i — X series
- FLEXIDOME 8100i IR — X series

Regulatory information

Environmental	
Salt mist	IEC60068-2-52
Vibration	IEC60068-2-6, NEMA TS2
Shock	IEC60068-2-27, NEMA TS2
Impact	IK11

- ▶ Modular design for fast and easy installation
- ▶ Weather resistant finish to maintain cosmetic appearance
- ▶ Allows installation of your camera to a wall mount (NDA-U-WMT) or pendant pipe mount (NDA-U-PMT)

Installation/configuration notes

Dimensions in mm (inch)

Parts included

Quantity	Component
1	Pendant interface plate
1	Weather cap
1	M4 x 18 mm T25 screw
4	M6 x 12 mm T25 screw
1	Quick installation guide

Technical specifications

Mechanical

Dimensions (Ø x H) (mm)	294.3 mm x 107.7 mm
Dimensions (Ø x H) (in)	11.5 in x 4.24 in
Weight (g)	610 g
Weight (lb)	1.34 lb
Color (RAL)	RAL 9003 Signal white
