General

The WWT-P-7205Mx Series client workstation is a micro form factor, easy to deploy solution that can be used on-site or remotely to access your Wisenet WAVE video recorder. The workstation has a 512GB M.2 solid state drive for the Windows 11 IoT Enterprise LTSC 2024 or Ubuntu 22.04 LTS operating system to provide fast boot and load times.

This micro workstation offers unrivaled deployment flexibility, allowing for its small chassis to be deployed in any small business environment. An optional VESA mount allows the server to be inconspicuously mounted behind a monitor.
